How to Keep Contact Information Up to Date in cPanel

This tutorial assumes you have already logged into cPanel.

Now lets learn to update our contact information.

It is important to keep your contact information up to date since the server uses this information to send critical email messages.

Click on **UPDATE CONTACT INFO**.

Enter your new contact email address in the first box.

Click **SAVE**.

That's it. Your new contact details have been saved.

Make sure to always keep your contact information up to date.
